Frank Vito Mauro has worked in our Scheduling Department since the latter part of October. During the time of his employment we have found him to be reliable and efficient in his work.

He has the ability to get along with his associates without friction. His reliability may be further demonstrated by the fact that he has been steady in his attendance at work.

I would recommend him to be a type of man who would be a credit to our Armed forces.

Very truly yours,

Manager
